

Roads & Fuel

We use Toll highways wherever possible. They are up to US Interstate standards. They are, however, pricey.

Toll roads are safer. Fuel is easy to find. Bring plenty of DEF if your vehicle requires it.

What are RV Parks like?

We book the best full-hookup parks wherever possible. Many of these are up to, or close to US standards. Some parks we use will be more primitive and may not have services. Many have pools & Wi-Fi. The Yucatan route involves more days of dry camping.

Color Marino RV, Teacapan

What about paperwork?

You will require vehicle permits (except Baja), a Tourist Visa and Mexican auto insurance. Some jurisdictions like ICBC in BC will rebate your insurance for the time the vehicle is in Mexico. We will assist with paperwork.

What is included?

All RV Park fees are included along with a lot of tours. Hotels for Copper Canyon, Mexico City & San Cristobel. Meals are included with tours & hotel stays. You pay for your fuel, tolls, Mexican Insurance and groceries.

Copper Canyon

How do I book?

Go to www.mexicocaravans.com and fill out the form there, or phone/text Paul at **604-200-1342**. You may also express interest in future trips without paying a deposit. Some Club trips may need booking through the club.

What is the cost?

Our cost varies by the length & route of the tour. We price in USD, but accept Canadian at the book rate, so you may pay in either. As of Spring 2027, we are reversing this and pricing in Canadian Dollars. Americans can still pay USD. **We are the best deal**

How big is the caravan?

Seldom more than 12, and never less than 6. 12 rigs is our ideal number.

Are we on the road all of time?

No. We include stops of several days at beach locations, hot springs and for festivals. Daily travel times when we are on the road vary from 3 to 8 hours. We try to keep travel days as short as possible.

Happy Hour

Why use Caravanas de Mexico?

- We are the only Mexican Government Certified RV Caravan company legally licensed to operate RV Tours throughout Mexico. We are registered in Leon, Guanajuato as “Caramex”. We pay Mexican taxes and we only operate in Mexico. Mexican-Canadian Company.
- We are tri-lingual (English-French-Spanish) and can deal with issues in Spanish. This enables us to better handle issues like breakdowns and accidents. We have a wide network of bilingual tour guides throughout Mexico. We also run trips in French.
- We have access to the Green Angels (Like AAA)
- We cover all of Mexico from the Yucatan to the Baja. We know many of the out of the way attractions most tourists are unaware of.
- On select tours we offer in-tour Spanish lessons.
- We offer quality meals with our tours and our guides are registered professionals, some with PhD's. We do not rely on our Wagon Masters, as some companies do, to host tours.
- We will take you to places you would never go on other tours and give you lots of bragging rights.
- We were chosen by the Airstream Club (who invented RV Caravans in the 1950's) and the LTV club to operate their caravans in Mexico.
- We are neither the cheapest or most expensive,

One of Mexico's many Festivals

When do we go?

Our trips usually run from early/mid January, up until the end of March. Or early April. Both Mainland and Baja. We avoid Fall due to Hurricane risks.

What about safety?

We believe Mexico is very safe for RV's, especially in a group. We avoid any trouble spots. Regardless, traveling in a caravan offers much more security.

Can I take my pet and my gun?

Your pet, provided it is a cat or a dog is welcome, your gun is not. US Second Amendment rights do not apply to Mexico. Pet care during the Copper Canyon excursion and multi day tours, can be arranged. Emotional support animals require a letter from a registered mental health professional. They still cannot go on all tours.

Why RV in Mexico?

1. Arizona is cold in December & January
2. Experiencing another culture
3. The Mexican people are exceptionally friendly and welcome RVers with open arms

Please note: We require participants to sign a code of behavior and an acknowledgement of our pet rules. If a customer behaves in a manner that degrades the experience for everybody else we prefer they do not sign up. There are people out there who should not go on a

Baja California

Uxmal (Yucatan Trip)

Why an RV caravan to Mexico?

1. Safety in numbers
2. Learning where you can and cannot take your RV
3. Companionship
4. Learning how to deal with the paperwork
5. Tours to places difficult to access with your RV

What about Mechanics?

Our Caravans are tail-gunned by the “Green Angels” on most segments. They are similar to AAA. They do not charge for labor, only parts, and are Mexican Government employees. They are in constant radio contact with Mexico City and contribute to security.

A Green Angel to the rescue
